General Meeting

This month's program come learn about the Tacoma Blue Edge Network!

On January 18th, 5G Open Innovation Lab, EDGE Cluster, Washington Maritime Blue and the City of Tacoma along with a coalition of partners unveiled a 5G Private Network at Tacoma Tideflats supporting five enterprise clients. This landmark pilot project showcases the potential of a 5G innovation ecosystem as an enabler for port modernization. The clients supported by this network include: TOTE Maritime, Silverback Marine, Trident Seafoods, Safeboats, and Motive Power Marine.

Welcome New Members

Leslie Barstow and Matthew Mauer, Port of Tacoma

Eric Wright, Portland Container

Kristin Wells, Courtyard by Marriott Federal Way

Chad Nichols, Washington Lifttruck
